Re: Additional documents responsive to Freedom of Information Act Request EPA-R9-2013-010097

Dear Mr. Gordy:

This is in response to your Freedom of Information Act request regarding:

With regard to our public records request EPA-R9-2013010097, which requested "all owner/operator responses to CERCLA 104(e) information requests for the Honeywell /Allied Signal / Bendix site at 11600 Sherman Way, N. Hollywood, CA," we would like to amend our request to restrict it to "all documents applicable to the above request that are coded as publicly releasable."

In a letter dated November 13, 2013, EPA provided all publicly releasable documents at the time. Also in that letter, EPA noted that additional documents potentially responsive to your request were currently under review. EPA is following-up with you to provide three additional documents. The documents are provided on the enclosed CD.

If you have any questions, please contact Jamey Watt of this office at 415-972-3175.

Sincerely,

A handwritten signature in black ink, appearing to read "Caleb Shaffer", is written over a horizontal line.

Caleb Shaffer, Section Chief  
CA Site Cleanup Section I
